Extended Warranty Plus including Aftertreatment Coverage

DIESEL EXTENDED WARRANTY PLUS PROTECTION

When purchasing a new commercial truck, the long-term, trouble-free operation of your vehicle is certainly a consideration in making your decision. Isuzu further enhances the long-term operation of your new diesel truck with Extended Warranty Plus coverage plans.

DIESEL EXTENDED WARRANTY PLUS COVERAGE

Isuzu's Extended Warranty Plus coverage automatically continues upon the expiration of the standard New Truck Limited Warranty. You can choose an Extended Warranty Plus term up to 60-months or 250,000 miles (depending on model). The Extended Warranty Plus coverage includes program parts for manufacturer defects and installation labor during the contract coverage period. See your authorized Isuzu dealer for complete details.

ELIGIBLE ISUZU DIESEL VEHICLES

Isuzu's Extended Warranty Plus coverage is available on all new and unused N-Series diesel trucks. Extended Warranty Plus coverage is also available on all new and unused Reach™ commercial vans. Extended Warranty Plus coverage may be purchased through your authorized selling Isuzu dealer at the time of sale or within the first 12 months of ownership.

TOWING COVERAGE

Our program also provides 24-hour emergency Roadside Assistance, including towing to the nearest dealer for no additional cost.

ROADSIDE ASSISTANCE

Isuzu trucks are built to be the highest quality, most reliable trucks in the industry. That's why we back them with one of the strongest roadside assistance programs ever offered for medium-duty trucks.

With any Isuzu vehicle warranty, if your Isuzu truck experiences a mechanical breakdown anywhere in the United States, just call our 24-hour, toll-free number 866-441-9659 anytime day or night, 365 days a year. A service vehicle will be dispatched to provide minor roadside repairs or tow your truck to the nearest dealer for service.
